NAEHS | NATIONAL ADULT ED HONOR SOCIETY

On November 22, 2021, Mid-Maine Regional Adult Community Education started a chapter of the National Adult Education Honor Society. This membership allows adults enrolled in programming at Mid-Maine Regional Adult Community Education to be eligible to become members of the National Adult Education Honor Society.

This mission of the NAEHS is to provide meaningful recognition to deserving adult education learners, to improve learner employment opportunities, develop learner ambassadors for local adult education programs, and to create adult education awareness with school administrators and state legislators.

Unlike traditional honor societies, the NAEHS's membership eligibility excludes academic achievements and focuses on dependable attendance, a cooperative attitude, and a good work ethic. All adult education learners are eligible for nomination to the NAEHS.

Each NAEHS learner member shall receive a signed NAEHS Certificate of Membership, an NAEHS letter of recommendation for employment, an NAEHS letter of recommendation for scholarships or grants to help with future higher education endeavors and an NAEHS pin. Mid-Maine Regional Adult Community Education holds an induction ceremony each spring. Our Chapter has proudly inducted over 20 learners into the NAEHS.

HEAR FROM OUR GRADUATES

Noah Vieta
MMRACE Graduate

Noah chose to attend MMRACE to work on earning his HiSET diploma. He hadn't enjoyed traditional high school and felt this path would be a better and more manageable option for him. One of the things he appreciated most about Adult Education was the increased one-on-one time with tutors. He also found the quieter environment much more conducive to focusing on his work. Noah is grateful for the support he received from his mom, Nancy, Becca, and Linda during his time in the program. Looking ahead, he plans to attend one of the community colleges to study Physical Therapy. He understands that earning a college degree will help him land a job he's truly interested in. Reflecting on his journey, Noah laughs at the minor mishaps he experienced when he first began testing—technical issues with the computers and even arriving too early for one of his exams. In fact, after all those early challenges, Tekia gave him a bottle of maple syrup as a lighthearted gift.

Noah's favorite quote, which reflects his own experience, is from Frederick Douglass: "Without struggle there is no progress."

”

Grace Irigo-Arondo
MMRACE Graduate

Grace dreamed of becoming a nurse and knew she needed a diploma to attend college. Although she already had a diploma from Gabon, Africa, she lacked the necessary documentation to enroll in a U.S. college. Determined to move forward, Grace set a personal goal and deadline to earn her diploma. She faced challenges—especially with the English portions of the HiSET—but she persevered with the support of her mother and sisters, and the patience and encouragement of Nancy and Becca. Now that she has earned her diploma, Grace is ready to take the next step: attending KVCC for a year before continuing her education at the Maine College of Health Professions.

Grace is deeply grateful to Nancy for her help, support, and encouragement. As she reflects on her journey, Grace says, "Regardless of how old you are, it is never too late to start over and reach your goal."

UKRANIAN (PYSANKA) EGG DECORATING AGES 8+

The Pysanka, a decorated egg, was common among Slavic people as far back as 5,000 BC and was an important spring ritual. When decorating eggs in the Ukrainian style, designs are drawn on the egg with melted beeswax, which flows from a tool called a Kystka. The eggs are then dipped in a series of dyes and the final pattern is revealed when the wax is removed. Please bring reading glasses, if you use them. The instructor would like to encourage young people in this art form. Ages 8 to 16 are welcome to register with their participating parent or guardian. For an adult the Materials Fee is \$20 and is payable to the instructor cash or check at the start of class. Families will be \$20 per adult plus \$5 per child. A storm make up will be scheduled for Saturday, April 11, please mark your calendar.

CHUNKY CROCHETED BASKET

If you love baskets and know how to crochet or if you recently learned this class is for you. These Chunky baskets make great gifts, storage bins, and even shopping bags. The basket is made in the round and will be about 12" tall and 14" across with two handles approximately 6" long. It also has a flat bottom, so it stands up well.

CROCHET FOR ALL

Crocheting is fun and easy once you know how. The best part is you can be creative almost anywhere. In this class if you are a beginner you will start by working on a small afghan using single, double, and triple crochet stitches, and you will learn how to begin and end, and the in-between will be the practice of the basic stitches. If you know how to crochet and need guidance with a UFO (Unfinished Object) or WIP (Work in Progress) bring it in and get advice on finishing, improving, or just join us and have fun. A supply list will be sent via email once we have enough students for the class. Please mark your calendar for a storm makeup on Saturday, May 9.

***NO CLASS ON APRIL 25TH

KNITTING FOR ALL

This class will get you started with the basics of knitting, and you will be able to expand your skills as well. You will learn about straight, double point, and circular needles. You will learn to cast on stitches, the basic knit

TAROT AND THE ANCESTORS

This inner journey bears little resemblance to the traditional view of Tarot. Our first steps will take us to Carl Jung's model of the mind, focusing on the Collective Unconscious, home of ancestral memories. Jung's Active Imagination will be the tool through which The Tarot's Major Arcana will give form to the archetypes, the bearers of ancestral knowledge. Next, Tarot connections will lead to our Spirit Guides, who will navigate the inner journey to the lands of the Ancestors. Through Tarot-inspired Guided Meditation and inner work, we'll meet Ancestors of Blood, of Choice and of Identity. Throughout our journey, both group Tarot work and individual Tarot Dialogue spreads will connect us with our Ancestors. Our 10-week journey will conclude with a magical ritual. The cards will both facilitate deeper Ancestral connection and provide an imaginative foundation whereby the Ancestors will join us in meditation, visualization and affirmation to increase our psychic bond.
